

NORTHERN UGANDA SELF-SUFFICIENCY PROJECT

The Northern Uganda Self-Sufficiency Project (NUSSP) was initiated in 2019 when Father Simon Menya returned to Uganda following his graduation from St. Vladimir's Orthodox Theological Seminary in New York.

40 acres were purchased through a generous donation and the mission was put into action.

Northern Uganda Self-Sufficiency Project Ltd is an effort to foster self-sustainability in the community of Northern Uganda by implementing a series of self-sufficiency projects centered around the Orthodox Christian Church.. (NUSSP Mission)

Like much of the world, 2020 was an unprecedented year in Northern Uganda. The rainy season didn't seem to end and COVID-19 brought about additional challenges. In the face of these challenges, the first harvest for NUSSP persisted. NUSSP was able to harvest the sesame (above) and corn (below). The sale of the harvest is pending market price adjustments and the land is being prepared for the next planting season, which will occur in April 2021.

As part of the planting efforts, NUSSP provided six, one-acre plots to the community for land preparation and use. In exchange, the community provided 10% of their crop to NUSSP.

PREVIOUS PROJECTS

NUSSP

The Northern Uganda Self-Sufficiency Project (NUSSP) is ready to begin its first livestock initiative. NUSSP is hopeful this Pig Farming Project will be the first of many livestock/animal programs. NUSSP is working with Lift Up Uganda to help fundraise for Father Simon Menya and this pig farming project. Once the pigs are grown, the pigs will be sold and profits will be used to reinvest in the pig farm operation, feed the needy, and to explore future projects.

PIG FARMING PROJECT FUNDRAISER

This project will provide for modern pig farming in Northern Uganda. In the first nine (9) months, NUSSP plans to tour successful pig farms, build pig pens, hire a Pig Keeper, provide housing to the Pig Keeper, hire an on-call veterinarian, obtain food and medication for the pigs, and purchase 20 piglets.

Projected Costs

- * Piglet purchase price: \$70/pig
- * Pig Keeper salary for one (1) year: \$900
- * Cost of food and medicine for all pigs for one (1) year: \$3,400
- * Cost to build pig pens: \$750/pen (projected goal: 16 pens)
- * Cost to build Pig Keeper Housing/Storeroom: \$4,800
- * Cost to set up site operations: \$3,600

Raising pigs in Northern Uganda will provide project income, a source of meat to the community, opportunities to train others in farming, and hope and vision for a better future.

HOW CAN YOU HELP

Yes, I want to support the NUSSP Pig Farming Project Fund and help the people of Northern Uganda. Enclosed is my gift of:

\$50 \$100 \$250 \$500 \$1,000

Other \$ _____

I would like this gift to remain anonymous.

Optional:

Name: _____

Address: _____

City: _____ State: _____ Zip: _____

Telephone: _____

Email: _____

Please add me to your mailing list.

Please make donations to Lift Up Uganda, Inc.

a 501 c3 Organization. Tax ID: 81-0809638

950 10th Street, Berthoud, CO USA 80513-1106. Indicate "Pig Farm" in the memo section. You can also donate directly via PayPal on the Lift Up Uganda website.

Your contribution is tax deductible.

Thank You!

THANK YOU

Thank you for your generous donations. All donations are appreciated and welcomed by the people of Uganda. If you are interested in other ways to help the project, we encourage you to visit the Northern Uganda Self-Sufficiency Project website: www.nussp.org or Lift Up Uganda, Inc. at www.liftupuganda.org.
